To choose your Healthy Connections Provider, you can call Healthy Connections at (888) 528-5861 or online by following the steps below. Our Patient Navigators can also assist you at any time.

Online Enrollment

Step 1

Visit <https://www.livebetteridaho.org> and navigate to the **Find a Medicaid Primary Care Provider** page using the search bar.

Step 2

Select one of the following that best describes your situation:

- I am applying for Medicaid
- I am currently enrolled in Medicaid
- I am just looking for provider info

Step 3

Use the provider search tool to find a primary care provider that accepts Medicaid near you.

The search tool allows you to search by city or zip code. You can also filter by practice-type for more specific results. If you currently have a provider, you can search by provider or clinic name as well to see if they are Medicaid approved.

Step 4

Once you find a clinic or provider, click "View Clinic" to see that clinic's information.

Step 5

From the clinic information page, scroll down and complete the form to "Make this clinic your Healthy Connections provider." Then click "submit for Review."
